

What can we learn from open data that will help Queenslanders grow the digital economy during the COVID-19 recovery?

Many Queenslanders, and citizens across the world, have been forced into a digital transformation while navigating the COVID-19 pandemic.

Online services, virtual environments, data sharing and analysis have all developed significantly in recent times.

What can we learn from this transition to uplift digital capability and improve digital services?

How to prepare your solution:

1. Think about the challenge questions and additional information.
2. Search for data to use. Your solution must use at least one dataset from data.qld.gov.au. however, you can also include data from other sources.
3. Develop a unique, creative solution to the challenge questions. Check out [last year's winners](#) for some examples.
4. [Prepare your 3-minute video](#) based on GovHack's guidelines.
5. [Submit your solution](#), including the video, and a minimum viable product via the Hackerspace.
6. Get ready for the awards night!
