INTRODUCTION

Effective from 1 July 2008, the *Public Service Act 2008* – Chapter 2 *Equality of employment opportunity*, has replaced the *Equal Opportunity in Public Employment Act 1992*.

<https://www.legislation.qld.gov.au/LEGISLTN/CURRENT/P/PublicServA08.pdf>

Section 30 of the *Public Service Act 2008* highlights Equality of Employment Opportunity (EEO) target groups for Queensland government agencies as:

- Women
- People from a non-English speaking background
- Indigenous people
- People with a disability

The Bulletin is derived from EEO Census data lodged by agencies as part of the annual EEO reporting arrangements and comprises a series of graphs and tables, each illustrating agency performance and the sector wide average. Each graph has a companion table which details:

- Full title of the agency and agency code
- Percentage responses
- Numeric equivalent

The EEO Statistical Bulletin is published annually and details the results of agency submissions. It should be noted that due to confidentiality considerations, in tables where there are less than 5 respondents, specific numbers have been replaced by <5.

Note:

Due to rounding some percentages may not add to 100% exactly.

The Australian Bureau of Statistics (ABS) and Statistics New Zealand have completed a review of the Australian and New Zealand Classification of Occupations (ANZSCO). This new classification structure replaces the Australian Standard Classification of Occupations (ASCO). Please refer to the definitions section for further information about ANZSCO.

Effective 2013, the Public Service Commission (PSC) reports occupations using ANZSCO. Data in this report is based on the ANZSCO Major Groups.

The Australian Statistical Geographical Standard (ASGS) is the ABS' new geographical framework. The ASGS replaces the Australian Standard Geographical Classification (ASGC).

Effective 2013, the PSC uses the ASGS framework. Data in this report is based on the July 2011 ASGS Statistical Areas Level 4 (SA4).

For a graphical view of the Queensland SA4 boundaries, please refer to the ABS web site:

DEFINITIONS

Term	Definition/Notes
ANZSCO (Occupation coding)	ANZSCO (Australian and New Zealand Standard Classification of Occupations) is an industry standard coding system that attributes a six digit code to a position to describe the occupation being performed. This report contains information at the highest summary level.
Casual Employment	Casual employees are not permanent employees and normally work less than full-time hours as prescribed by the applicable industrial instrument. Casual employment attracts the payment of a loading (as prescribed by the applicable industrial instrument) in lieu of sick and recreation leave. Casual employment is characterised by its ad hoc nature with each engagement standing alone. However, because of historical factors there are instances where employees have been employed as casuals on a regular and systematic basis over a long period of time. This is normally not within the strict definition of the term and many such employees should be properly classified as permanent employees. The difference between casual employment and temporary employment is that casual employment attracts the loading in lieu of sick and recreation leave whereas temporaries will generally receive the same entitlements as permanent employees.
Contract employees	Includes employees of the Senior Executive Service and the Chief Executive Service and those employed under Section 122 of the <i>Public Service Act 2008</i> or similar legislation in other relevant Acts.
Disability	Those employees who have identified themselves as people with a physical, sensory, intellectual or psychiatric disability, whether the disability presently exists or previously existed but no longer exists.
Employment Category	Either permanent, temporary, casual or contract (refer to specific definitions for each term).
Indigenous	Those employees who have identified themselves as people of the Aboriginal race of Australia or people who are descendants of the Indigenous inhabitants of the Torres Strait Islands.
NESB	Employees who have identified themselves as people who have migrated to Australia and whose first language is a language other than English, and the children of those people.
Permanent Employment	An employee who is employed on a continuing basis to perform ongoing functions.
Queensland Public Sector (QPSector)	Includes those agencies, departments, government owned corporations and statutory offices who submit EEO data to the Public Service Commission on an annual basis.

Term	Definition/Notes
Salary Level	Salary Levels are based on 2 factors: (1) Full-time equivalent (FTE) salaries are based on all employees working their full-time hours and receiving their full-time salary in terms of the relevant award/enterprise bargaining agreement irrespective of the actual hours an employee works. (2) Salaries for all employees are grouped according to the salary ranges for each Administrative Officer classification under the State Government Departments Certified Agreement 2009 1 = \$0 - \$37,132 2 = \$37,133 - \$49,882 3 = \$49,883 - \$59,269 4 = \$59,270 - \$68,964 5 = \$68,965 - \$77,664 6 = \$77,665 - \$87,711 7 = \$87,712 - \$98,361 8 = \$98,362 - \$107,487 9 = \$107,488 +
Statistical Area Level 4	Statistical Areas as defined by the Australian Bureau of Statistics. This is based on the location of an employee's work headquarters.
Temporary Employment	Temporary employees are employed for fixed term engagements of specific periods of time. The circumstances for engaging temporary employees are many and include specific budget allocation for particular projects, replacing permanent employees who are absent from their substantive position or assistance required to meet peak workloads. Temporary employees are generally employed on the same conditions as permanent employees as prescribed by the applicable industrial instrument.
